

**ENTERPRISE QUALITY –
FEATURE RICH**

Cisco eBOOK

As organizations become more complex their employees need smarter, and better ways to collaborate. This experience should connect people, information and their teams. Cisco UC offers this experience – and it is the most secure IP telephone system available. CallTower’s Cisco solutions provide the ultimate unified communications capability for all businesses, no matter how small or large. It delivers a seamless user experience with high-quality, scalable web and video capabilities. CallTower’s Cisco offerings are easy-to-use business communication technology tools that support mobility, messaging, conferencing and presence management.

CALLTOWER - A SIGNIFICANT CISCO CLOUD PARTNER

CallTower is a certified service provider (SP) and Cloud Connected PSTN Provider (CCPP) to enable Cisco’s global cloud calling initiative.

CallTower’s global SBCs dual and diversely connected with every Cisco SBC, globally to provide PSTN connectivity to every open market

CallTower enables Cisco’s success with global enterprise deployments as a sole-source provider

CallTower is structured to support: Global PSTN to Cisco’s Webex products, including all forms of Calling, Contact Center and Cisco’s emerging Dedicated Instance, Webex Cloud Calling, and UCM.

This strategy has positioned CallTower as a Cisco-promoted globally as a Cloud Connected PSTN provider (CCPP) to every Cisco VAR, globally offering its version of Webex Calling/Contact Center

CallTower is a Certified Cisco SP for: Full Cloud Webex Calling, globally; Full Cloud Webex Contact Center, globally

This positions CallTower as a go-to partner for Cisco-direct to pursue global cloud opportunities to compete with a pure cloud solution against RingCentral, 8X8, etc.

CISCO WEBEX RELATED BLOGS

[AN EXCEPTIONAL USER EXPERIENCE](#)

[THE USER EXPERIENCE OF CISCO WEBEX](#)

[WHAT IS CISCO WEBEX](#)

Cisco Webex Teams is a business communications app that integrates critical features into a single experience. The app is designed for continuous team collaboration with calling, video meetings, group messaging, file sharing and white boarding. Teams can get the full experience and external guests like partners, customers and experts can be added for collaboration.

Security:

Keep sensitive information safe with integrations to leading data loss prevention (DLP) and cloud access security broker (CASB) security and identity management solutions like Cisco Cloudlock, Symantec, Duo, and more

Incident Management Systems:

Minimize the impact to normal operations and manage service issues by creating and updating workflows in ServiceNow and Zendesk.

Sales, Marketing and Social:

Make the most of your team collaboration by making updates to Salesforce and receiving notification from Marketo, Eventbrite, SurveyMonkey, and Local Measure
