Microsoft Teams

INTERNATIONAL MICROSOFT TEAMS PHONE SYSTEM.

INTERNATIONAL MICROSOFT TEAMS PHONE SYSTEM USING
DIRECT ROUTING PROVIDES SIMPLE LOCAL CALLING FROM
MICROSOFT 365 TEAMS APPLICATION

MAKING YOUR WORLD SMALLER

Multi national companies struggle unifying their communications globally. CallTower's multinational Microsoft Teams Phone System unifies your global sites onto a single platform.

CallTower's multinational Microsoft Teams Phone System offers a single unified and secure Global Phone System for Microsoft Teams, with over **85+ Countries** and ultra competitive international call plans. Now your team can communicate using a single system, with a single provider, rather than using different Phone Systems and a different provider in each country.

Office 365 on its own is a powerful enabler, but extending it using CallTower's multinational Microsoft Teams Phone System brings your world together.

CallTower's multinational Microsoft Teams Phone System connects calls to landlines, mobiles or international destinations from a single, dedicated geographic number through Teams to anywhere in the world.

You can keep your existing PSTN Phone numbers. Number portability allows you to move existing numbers to your new system, or you can choose to allocate new numbers. You can now truly deliver and manage your business communications from a single, integrated platform regardless of where you are.

YOUR HUB FOR WORKPLACE COLLABORATION TOOLS

Transform the way you connect by combining CallTower's multinational Microsoft Teams Phone System global voice and the best of Microsoft's cloud collaboration tools.

Communicate through chat, meetings, video and voice calls to anyone inside and outside your organization. Host audio and web conferences.

Make calls to landlines, mobiles or international destinations from a single, dedicated geographic number from 6000 cities globally. Collaborate with ease, managing your business communications from a single, integrated platform regardless of your disparate locations.

CallTower's multinational Microsoft Teams Phone System is our world class network of Teams nodes, using high quality Calling Line ID (CLI) routes to over **85+ Countries.**

Global Enterprise Grade Voice services

We use the highest quality network solutions with multiple layers of routing redundancy. Our network integrates seamlessly with the Teams Phone System to deliver exceptional call quality.

Global Teams Phone Service

We connect our Teams network node Session Border Controllers directly into Azure. This gives us the shortest possible routes giving us the best Global call quality and the lowest possible latency. Combined with direct access over fiber routes to our 24 Global POPs, with CallTower's multinational Microsoft Teams Phone System deployments are available throughout APAC, The Americas and Europe.

International geographic DIDs

CallTower can provide Geographic or local numbers to over 85+ Countries. Where numbers are not available we have the capacity to generate an alias number for most countries.

WHY CALLTOWER'S MULTINATIONAL MICROSOFT TEAMS PHONE SYSTEM?

Our Global MS Teams Calling network gives your business one provider and one phone system globally.

Using the Microsoft Teams Phone System, our Global Teams network delivers high quality calls, with low latency while keeping the calls in region enabling rapid global deployments.

BENEFITS

Network and Platforms completely optimized for voice

Direct Connection via Azure = Low latency + control

Highly Scalable to grow or contract to meet your business needs

Low Cost Rates for affordable Domestic and International

Multi redundant, robust global links; enterprise grade routes

Number portability, keep your numbers

POPs in 24 Locations, for low latency pathways

24/7/365 support

Geographic DIDs available 100+ countries

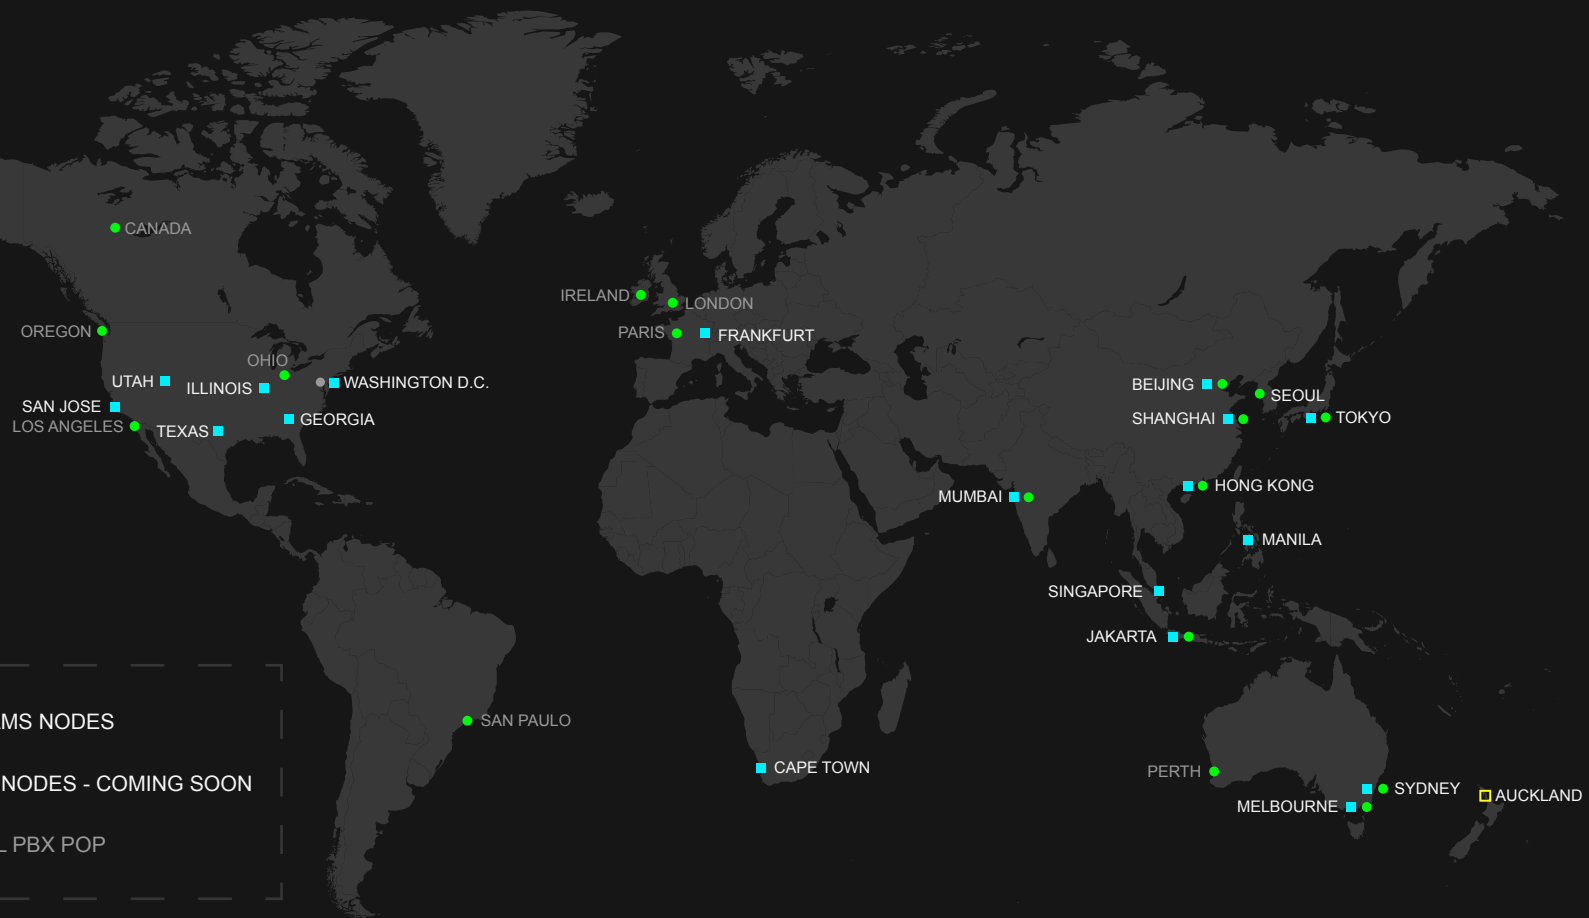

Rapid Global Deployment with our platform agility

Quality assured CLI routes, highest quality International routes

WORLDWIDE REACH FOR MODERN BUSINESS

As more and more businesses trade internationally, you need a communications platform that gives you access to local numbers, in major world business centers. As we have voice infrastructure in the leading business centers around the world. Our Global Microsoft Teams Phone System network offers superior call quality to other cloud-based voice solutions. Best of all, we're available to support you 24/7/365.
